Logitech® for Business

B525 HD Webcam

For portable HD video calling and recording – with autofocus

- HD 720p/30 fps video calling, with autofocus and integrated stereo mic
- 360 degree swivel
- Fold-and-go design
- High image quality in low light
- Broad compatibility

The Logitech® B525 HD Webcam. HD video calling and autofocus in a swivel plus fold-and-go design that makes it easy to position the HD video call at any angle—including moving away from you for privacy—and also take the camera with you. The webcam lets you enjoy fluid HD 720p video calls in your favourite unified communications application—and it's optimised for Microsoft Lync™ and Skype. Autofocus lets the business user enjoy razor-sharp images close up and further away and the built-in stereo mic helps ensure the audio is clear during your professional conference. This true plug-and-play webcam is equipped with RightLight for video calling even in poorly backlit environments and is supported by a 3-year guarantee. The universal clip technology makes sure that the professional can work from the laptop, desktop LCD—anywhere.
