Technology Legend

AudioIQ²

Keeps calls clear, regardless of the environment. Automatically adjusting incoming calls to a comfortable, clear level.

Echo Cancellation

Requirement for full-duplex speakerphones when both the microphone and speaker are on at the same time.

SoundGuard

Acoustic limiting; protection against sound levels above 118dBA.

SoundGuard DIGITAL

Acoustic limiting in the headset, anti-startle, (detects any large sudden increase in signal level and eliminates the increase) and Time Weighted Average; prevents average noise level from exceeding 85dBA.

Wideband

Frequency range up to 6,800 Hz. Meets TIA-920 standard for genuine wideband response.

WindSmart® Technology

Advanced noise-reduction reduces disruptive wind noise.
